

22nd May 2018

Dear Parents/Carers,

Film screening of Shakespeare: The Animated Tales, Macbeth

Y5 are about to study an adapted version of Shakespeare's *Macbeth* which, although in graphic novel form and adapted for primary school children, remains quite a challenging text.

In order to allow the children to gain insight into the plot before studying the text, we plan to show them [Shakespeare: The Animated Tales, Macbeth](#). This has been rated a U by the British Board of Film Classification and is a 30 minute animated film made for television.

We plan to watch the film on or after Wednesday 6th June 2018. If you would like to view the film before this date, it is available on You Tube.

Yours faithfully,

The Y5 team
