Ways to help out at home

Reading – Read at home as much as possible, with, and to, your child. For the greatest gains, your child needs to be reading at home EVERY DAY! Occasionally, re-read texts or part of texts – this helps fluency and understanding.

Writing – Our writing this half term will have a historical context, where we will be writing a Viking narrative. There will not be much background knowledge required in order to write effectively, but some knowledge of Viking culture would enable the children to write with more authority and confidence.

Team time talk (Oracy) - What happened in your class novel today? Tell me about something special that happened in your day today? What mark out of ten would you give your day today? Why that score? Tell me something funny that happened today? Can you tell me one thing you learned about in your _____ lesson?

Maths – Practise all of the times tables learned in Y4. Quiz your child daily for 5 minutes to help them retrieve these important facts.

PSHE – Can you help your child engage in some way with the local community? Visit a local eco-shop, get involved in some local litter picking, offer some food or drink to a homeless person...
