

September 20th 2019

Dear Parents/Carers,

Next Thursday (26th September), we will be celebrating European Day of Languages, which is a celebration of all of the languages spoken by anyone who lives in Europe, hence of course also any languages spoken by anyone in our school.

As part of this day we would really like to enjoy some weird, wonderful and delicious recipes that your children may have made at home, in a foreign language of course. Perhaps you and your children have a favourite dish that could be brought into school for us to try or a great snack that could be made and shared between their classmates. The food doesn't have to be brought in – you could bring a recipe in, written in your home language or you could make it at home and send in a picture, along with the recipe. Anything that helps us be able to celebrate the wonderful range of cultures and languages in our school will hopefully help to make this a warm, celebratory day.

If you are able to send in some food, please send in a full recipe list with it, for allergy purposes. In Year 6 there are children with allergies to nuts and eggs, so we would need to know what is and is not safe for them to eat.

If you have any questions about any of this please speak to your class teacher. Equally, if you would like to be involved in some other way, perhaps by coming into class to read a story in your home language, get in touch with your child's class teacher who will endeavour to fit it into the day.

Thanks very much for your help,

The Year 6 team.
